YOUNG ENDEAVORERS.

They Have Dr. Brown as a Guest and Are Addressed by Him.

Dr. Brown attended the meeting of the Cnristian Endeavorers last night at the First Congregational Church, and assured them that he still felt that his life was consecrated to God. The young people made no comment, although at the close of the meeting several of the leading spirits expressed surprise that Dr. Brown should have insisted on being with them under the circumstances.

When Dr. Brown announced his intention of occupying the pulpit, a large proportion of the society felt that it would be unwise to even meet in the church and arranged to have their meeting at the resi-dence of Miss Myrtle Simpson on Leaven-worth street. It was there brought out that the organization felt it indelicate, under the circumstances, for Dr. Brown to preach until he had cleared himself of the charges now pending, although they were desirous that he should have every chance to accomplish this end. The Sabbath-school teachers, who all belong to the Christian Endeavor Society, were in attendance with their classes in the morning. In the evening they assembled in the large schoolroom for the weekly endeavor meeting.

It takes a master hand to point out the beauties rather than the de-facts any authority to act in the matter. The standing committee then expressed confi-dence in the integrity of their pastor and asked the public at large to suspend judg-ment until after the Davidson trial. With this resolution, which was published in THE CALL of January 28, the joint commit-tee was formally dissolved. When it came to getting di-rectly at the facts in the case, according to a member of the Bay Association, Dr. Brown questioned their right to go that far.
