

THE TARGET SHOOT.—The great target tournament by the Marysville Rifles, Union Guard, Oroville Guard and Bangor Guard, takes place to-day at Wallace's Ranch, near Oroville. No doubt there will be a large attendance, of ladies and gentlemen, both from Oroville and this city. The two companies from this city will leave the railroad depot at 9 o'clock a. m., accompanied by the Marysville Brass Band, and a string band for dancing. The weather promises to be delightful, and we would advise all those who did not spend all their money at the State Fair (including those who did not let their money on Pilot) to go and enjoy themselves. Besides the military display, the occasion will be a pleasant one. A large number of prizes have been offered by our citizens—especially for the lady's match. There will undoubtedly be many lady "shooters" on the ground—and perhaps some gentlemen will be shot by one of Cupid's darts. Excursion tickets have been put at a reasonable price. Mr. Lockard understands firing, and no better opportunity will ever offer for a pleasant ride.

A HEAVY FARMER.—T. W. Lockard, of Sutter, whose ranch of 1,750 acres, part of which was sown last season—lies about 12 miles south of Yuba City, and on the Feather river bottom, has now piled up on his farm, 20,000 bushels of barley, to which is to be added 17,000 bushels, when threshed. As a storehouse for this grain, Mr. Lockard is building a brick granary, 60 by 50, which will afford a capacity of over 50,000 bushels. This grain will be stored in this new granary, and remain there, says Mr. L., until the price of barley will pay for its hauling to market. Mr. Lockard is one of the best farmers of Sutter. He has many head of fat cattle, sheep and swine. Last year he had the bad luck to lose his house by fire. On the site now stands a fine brick residence, with a house to match. Mr. Lockard understands farming, and either "holds or drives."

UNION GUARD.—This fine company, Captain Winkley, will turn out this morning as infantry as guests of the Rifles, and to participate in the joint shooting match between the Rifles, Oroville Guard and Bangor Guard. The Judges of the Guard are E. W. Haskell, S. H. Bradley and T. A. Conit, with C. B. Fowler as umpire. The Guard will assemble at its armory this morning. Each member will bring his own "providence" which will be placed in charge of a general committee. The Guard will leave the Armory at half past eight o'clock precisely, and march to the Railroad Depot. The first train leaves for Wallace's Ranch at nine o'clock a. m., precisely. The second train at three o'clock p. m.

STAGE HORSES.—Quite a herd of horses, says the Grass Valley National of Tuesday, were driven through town this morning. They came from Marysville, and belong to the California Stage Company. They looked as though they had been pretty severely worked and no doubt served a faithful time, the past morning, hauling stages through the heat and dust of the valleys. Their driver told us that he was taking them to the neighborhood of Colfax, in order to put them upon a ranch for rest and recuperation.

SERIOUS ACCIDENT.—A carpenter named Lilly, who resides at the corner of D and Sixth streets met with a serious accident yesterday at Aubrey & Harrington's Saw Factory, where he was engaged on the planing machine. Mr. Lilly, while brushing the shavings from the plane with his left hand, was caught, and three fingers were instantly cut off—leaving only the index finger. Dr. Bailey was called to dress the mutilated hand, and we hear that Mr. L. is doing well.

MAIL TO YREKA.—Postmaster McCormick received from San Francisco yesterday the following dispatch from R. C. Gaskill, Special Agent P. O. D.: "Mails commence running as far north as Yreka, to-morrow, by California Stage Company." We learn nothing further than is contained in the above. The mails should go through to Portland, but we are thankful for this favor.

PRICES REDUCED.—Wilber, proprietor of the Colusa Hot Springs, has reduced his rate of board to \$5 and \$10 per week, including bathing. Wilber's stage continues to run semi-weekly, leaving the Western House every Monday and Friday—returning on Tuesday and Saturday.

ATTENTION, HIBERNIAN BENEVOLENT SOCIETY. Your regular monthly meeting will take place this evening, Sept. 28th, 1865, at the usual time and place. A prompt attendance is requested. Wm. J. Power, Sec'y.

MILITARY ORDERS.—The members of the Rifles and Union Guard are ordered by their respective commanders to assemble this morning at their armories, precisely at 8 o'clock. See official orders in another column.

A JUDGMENT for \$2,988 has been recovered by the city of San Jose against the sureties of Jasper D. Gunn, defaulting City Marshal.

The Annual Fair of the San Joaquin Agricultural Society is now in progress and appears to be a pecuniary success.

Mrs. LIZIE BELL, who arrived by the last steamer, will canvass the State for subscriptions in aid of the homes for widows and orphans now being established at the East.

CHICAGO has just taken a Census, and is reported to find herself not so big as she thought she was. She supposed she had at least 200,000 inhabitants, but can only score up 177,956.

PRIVATE SULLIVAN, of Company H, Fourth Infantry, found dead near the Presidio Monday morning, his death was not murdered, although his pockets appeared to have been rifled.

ALAMEDA COUNTY GAZETTE.—George H. Crosette, an old newspaper man in Butte county, has been admitted as an equal partner in the above mentioned journal.

A "PRETTY waiter girl" in Grass Valley, last Sunday night, beat a drunken fellow over the head with a deringer for making a speech in a saloon.—See.

The telegraph companies call for proposals to furnish poles for a route from Idaho City to Susanville, in California. The Statesman understands this to be with a view to building the line as early next Spring as practicable.

A LARGE exodus of the French population from Lower Canada is taking place to the New England States. Employment in the factories at high wages is the principal inducement. A Canada paper says the migration "seems to assume something of fearful proportions."

THE STATE ORDNANCE.—The Grass Valley Union says the excitement there about the late rich discovery on Black Oak still continues. On Sunday large numbers visited the claim, and all agree that it is a rich mine and cannot fail to make all connected with it wealthy. Specimens from the ledge look very rich, indeed. The country in the vicinity is now being thoroughly prospected.

The Petaluma Argus relates the marriage of Alma Phelps and Mary Welling of that county. They were married on board a schooner twenty-two miles out from Timber Cove. The parties are respectably connected, and in every way worthy of each other, save that they are older young to marry yet. The parents were opposed—the young folks were determined—depended—depended—a schooner—invited a number of young friends—found a plucky patron—stoked their vessel with the good things of the market—went out of the jurisdiction of California, and their parents—were "wed up" in legal form—and a good time—was had by all—and older—all heartily happy on their wedding night.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, Sept. 27th. The Overland line resumed work at 4 o'clock this afternoon. About 5,000 persons were present at the Cliff House, to-day, to witness Mr. James Cooke perform the feat of walking a tight rope over the Cliff House to Seal Rocks. At 12:15 p. m. precisely Cooke stepped upon the rope at the Cliff House and started upon his perilous journey, the crowd standing in awe-struck silence, not a word being spoken so intense was the interest of all beholders. He progressed finely until within 100 feet of the rock when a guy which had been poorly secured gave way, and the strong breeze which had sprung up causing the rope to sway violently from side to side he slipped, his feet catching and dropping astride the rope, he balanced pole falling into the sea. He then drew himself by his hands along the rope to the rock where the pole was handed him by the boatman who had picked it up as it arose to the surface, and after about five minutes passed in resting himself the exertion having completely unnerved him, he stepped out fresh once more upon the rope and walked steadily towards the shore. Near the center the rope swayed badly, but he appeared to have made up his mind that failure this time was not on the bills, and without a pause or a moment's hesitation he continued on his walk to the end. As he neared the shore the excitement became intense, and if required the active efforts of a number of policemen to clear the landing so that he could step upon the ground. The crowd, which covered the Cliff House, balcony, and roof, and the whole beach below, for the first time, broke silence, and one tremendous hurrah burst from the lips of thousands. In an instant the crowd of men, women and children rushed toward him to shake him by the hand, and it was some minutes before he could reach the Cliff House to resume his usual apparel. The most remarkable feature of this affair is that Cooke never stepped upon a rope until within the last two weeks, although a circus performer by profession; and as he cannot swim at all, it is evident that a fall would probably have been fatal to him. The crowd was so pleased with the success of this attempt that hundreds offered to subscribe for a testimonial to him, and he was surrounded by a vast throng who eagerly implored him to delay his departure and give another exhibition of his wonderful skill and daring.

The new screw steamer Montana, which left New York for San Francisco on the 12th ult., when four days out met with an accident which caused her return to New York. She was to have sailed for San Francisco again on the 5th instant.

Mrs. LIZIE BELL has lately arrived in this city from the East hoping to raise means towards the establishment, in the State of New York, of a home for the orphan daughters of Union soldiers. Her plan is to raise \$75,000 with which to build and found a home. In the orphan girls will be given a thorough practical and moral education, and be fitted for the duties of life.

The workmen on the new Overland Telegraph line leave for San Jose to-morrow, to commence the construction of the line through Pacheco Pass to Stockton, and from thence to Pleasanton, under the contract let to Chas. A. Stearns. It is expected that this portion will be finished in three months.

The influx of five ships, two from New York and three from Boston, is timely, and with the markets thus replenished, a good demand for all articles of prime necessity, there is decidedly more animation in commercial circles. Quite a long list of goods from these ships have changed hands, part previous to arrival. Trade generally is in a remarkably healthy condition, there being very little speculation going on notwithstanding the abundance of money and low rates of interest.

The produce markets are without decided change, if we except a decline in corn and potatoes, and a slight disposition to ease up a little on barley. The receipts generally are quite free, and the warehouses are rapidly filling up with wheat.

Mining stocks are dull, and some of the leading speculative shares are subject to rather wide fluctuations.

Legal Tenders were inactive, with 732 offered, and 741 asked. They sold outside of the Board at 74 1/2 @ 74 1/4.

The plethoric supply of money in this city has induced the Bank of California to reduce its rate of interest to 10 percent, a month.

MARKETS.—Butter 37 1/2 cts for Western and 40 cts for choice State. Candles sales 3000 boxes Knapp's and 2500 boxes premiums to arrive at 22 1/2 cts, now held higher; Blue stone has advanced to 20 cts; Lard further sales J. H. & Co. prior to arrival at 27 1/2 cts, Mackeoni No. 1 from store at 27 1/2 cts also 100 half barrels at 9 1/2 cts; Molasses Hawaiian held firmly at 28 @ 30; Pork sales 200 barrels sales Ex Blackhawk at \$42; Extra clear has been sold as high as \$45 per barrel and \$23 per half barrel. Pure spirits a sound lot of eastern sold at 170; saw 500 boxes Castile dried importation and 250 do. Ex Black Hawk sold part at 14 1/2; Sugar sales previous to our last 5000 @ 6000 half barrels Hawaiian at 84-1/2 low to choice; refined is firm at previous quotations. Flour—a good healthy trade demand at prices current for some times past, sales at \$6 25 @ 6 50 for extra and \$5 75 @ 6 1/2 for superfine in hf and qr sks. Wheat—market is without material change, with a good demand, chiefly for home use; sales 5000 sks No 1 at 1 90; 2500 do in lots 1 90; 2000 do choice 1 93; 1200 No 2 1 85; 500 do very inferior 1 70 @ 1 75 Barley—the market is a shade easier on common feed but firm for strictly prime; sales 700 sks inferior at 95; 15000 do fair at \$1 and 10000 prime at \$1 05 @ 1 00 lbs. Corn—350 sks light new crop sold at \$1 50 @ 1 00 lbs. Oats—sales 700 sks poor coast at \$1 37 1/2 and 800 do good \$1 50 @ 1 35 @ 1 00 lbs. Bran—selling freely at \$17 @ 1 1/2 per ton. Wool—sales for the week include 45000 lbs at 15 1/2 @ 1 1/2 for full clip, free of burrs; market steady.

Arrived—ship Sacramento 161 days from Boston; ship Kate Dyer 154 days from Boston; ship Black Hawk, 141 days from New York; ship Garibaldi, 167 days from New York.

CHINAMEN KILLED.—The Transcript says three Chinamen were killed on the line of the Central Pacific Railroad, above Colfax, on Saturday last. A large tree had been felled which got away from the workmen and rolled down the hillside. The log rolled over two Chinamen, killing them, and struck a third with such force as to knock him over an embankment. The latter died from his injuries in a few hours.

A GENTLEMAN who recently paid a visit of a week or two to the Coast Range of mountains, in speaking of the productions of the region says: "The greatest production of these mountains are grizzly bears and California lions. The foot tracks of the former are to be seen on almost every trail, and several of them are feeding on the sides of the mountains. California condors are also frequently seen on the sides of the mountains."

WHEELBARROW TRAIN.—An ombre from California, says the Dayton Sentinel, by the name of William Nator, passed through that town a few days ago, pushing a wheelbarrow before him, on his way to the Kearsarge district. He had about seventy five pounds of freight on board, and said he preferred that mode of traveling to that of packing on a horse, as he could make better time. He went by way of Hot Springs, and expects to make twenty miles a day. There is no account for the freaks of "nature."

The total loss of the firm of Ketchum & Son is now estimated at \$2,000,000, which will be nearly covered by an assignment of the effects of the firm. The older Ketchum has nothing left except some small amounts secured to the members of his family. The firm of Graham & Co. will lose \$1,500,000, and will pay their creditors about forty cents on the dollar.

A BOSTON man was made so drunk by a "pretty waiter girl" in New York the other night, that she compelled him to marry her. He woke up the next morning, and was confronted with a marriage certificate. Having a wife and four children at home, he finally settled for \$2,500.

It is said, on good authority, that all colored troops in the U. S. service are to be mustered out.

SPECIAL NOTICES.

FEVER and AGUE! DUMB AGUE—BILIOUS FEVER.—To cure these diseases, the first, particularly, many remedies are proffered before the public, some valuable, some positively hurtful, and some which will cure eventually if persevered in for a GREAT LENGTH OF TIME.

THE ONLY REMEDY which will cure the fever, and which is at once SAFE and ECONOMICAL; curing the disease thoroughly, and at the same time impregnating the system, is

MASON & POLLARD'S ANTI-MALARIAL, or Fever and Ague Pills, adopted as a universal Family Medicine, for all Bilious diseases, by those who have once experienced their effects. Hear what some of our gentlemen say: "I have used MASON & POLLARD'S PILLS in my family for five years as a remedy for Chills and Fever, and other Bilious Diseases, and have uniformly found them superior to any other remedy and perfectly safe in all cases. G. B. OHLER, Marysville, Oct. 16, 1864. Hundreds of other testimonials to the same effect. Agents for Northern California, CHITTELL & COULT, 29 D St., Marysville. Next to the new Theater.

We prepare a Bitter from a very valuable prescription, No. 18236, which is inestimable as a preventive of all bilious diseases. CHITTELL & COULT.

STRENGTH TO THE WEAK, YOUTH TO THE AGED. BLOKRENE, or LIFE REJUVENATOR. This preparation is unequalled as a Rejuvenator and Restorer of wasted or inert functions.

The aged should be certain to make the BLOKRENE a household god, inasmuch as it will render them youthful in feeling and strength, as enable them to live over again the days of their prime life. It not only exhilarates but strengthens, and is really an invaluable blessing especially to those who have been reduced to a condition of sterility, by self-abuse, misfortune, or ordinary sickness. No matter what the cause of the impotency of any human organ, this superior preparation will remove the effect at once and forever.

BIOKRENE Cures IMPOTENCY, GENERAL DEBILITY, NERVOUS INCAPACITY, DYSPEPSIA, DEPRESSION, LOSS OF APPETITE, LOW SPIRITS, WEAKNESS OF THE ORGANS OF GENERATION, INDECILITY, MENTAL INDOLENCE, EMACIATION, ENNUY. IT IS A MOST DELICIOUS, DESIRABLE AND NOVEL EFFECT UPON THE NERVOUS SYSTEM; and all who are in any way prostrated by nervous disabilities are earnestly advised to seek a cure in this most excellent and unequalled preparation.

Persons who, by imprudence, have lost their NATURAL VIGOR, will find a speedy and permanent cure in the

BIOKRENE. THE FEMALE, the LANGUID, the DESPAIRING, the OLD, should give this valuable discovery a trial; it will be found totally different from all other articles for the same purpose.

TO FEMALES.—This preparation is invaluable in the nervous weaknesses of all kinds, as it will restore the wasted strength with wonderful permanency. It is also a grand tonic, and will give relief in Dyspepsia with the first dose. A brief persistence in its use will renovate the stomach to a degree of perfect health, and banish Dyspepsia forever. One Dollar per Bottle, or six Bottles for \$5. Sold by Druggists generally. Sent by Express anywhere.

HUTCHINGS & HILLYER, Proprietors, 28 Day Street, New York. HOSEKETER, SMITH & DEAN, San Francisco, Jun 22-6m3paw Agents for California.

CASWELL, MACK & CO.'S Ferro-Phosphated Bitters of California. This skillful and elegant combination of California Bark, Iron, and Phosphorus, is now very largely prescribed by the most eminent Physicians of the United States and Canada.

As a tonic, it is unequalled. The Iron enriches the blood; the Phosphorus supplies nervous waste, while the California gives a vigor and tone to the whole system. All these elements are chemically combined in a beautiful emulsion, and are delicate to the taste, and acceptable to the most delicate stomach.

As a remedy for GENERAL DEBILITY, NERVOUS PROSTRATION, EMACIATION, INDIGESTION, FEVER and AGUE, it will be found invaluable. An invoice of the above Genuine Article just received and for sale, Wholesale and Retail, by C. F. POLLARD, Wholesale and Retail Druggist, No. 18-1/2 W. 56 D Street, Marysville.

Luxuriant Growth and Beauty to the Hair. Mrs. S. A. Allen's World's Hair Restorer and Dressing. The Great Unequalled Preparation for Restoring, Revivifying, Beautifying and Dressing the Hair, Rendering it soft, silky and glossy, and disposing it to remain in any desired position; quickly cleansing the scalp, arresting the fall, and never fails to restore gray hair to its natural color, and produce a luxuriant growth.

For sale by all Wholesale and Retail Druggists. Agents, HOSEKETER, SMITH & DEAN, 28 Day Street, San Francisco.

Brandreth's Pills. The Weak, the Consumptive, Rheumatic, Costive, Bilious, and Delicate, after some days' use will find renewed strength and life pervade every organ of their frames.

Every dose makes the blood purer. The nerves commence in the arteries and terminate in the veins. These pills act as a first effect, set upon the arterial blood, increasing the circulation, by which impurities are deposited in the veins, and they throw off such collections into the bowels, which organs, by the energy derived from Brandreth's Pills, expel them from the system. When first used, the pills may occasion griping, and even make the patient feel worse. This is an excellent sign, and shows the disease will soon be cured. No great gain is often achieved without some trouble in its attainment, and this rule applies to the recovery of health.

Principal office, Brandreth Building, New York. W. F. BRANDRETH, Office of CHAS. & BROS. in San Francisco. Sold by all respectable Druggists in Medicine.

MEMBER! That a wise-glass full of KELLY'S celebrated FEVER and AGUE MEDICINE prevents the Chills and Fever, and a dose, two or three times a week, will keep it away for a whole season. Prepared and sold by C. F. POLLARD, Druggist, No. 59 D Street, next the Western House, Marysville.
