They seemed to vie with each other in making our visit in the Maxican capital an enjoyable one. Rare fruits and flowers were actually showered upon us, while in all my varied experience I have never seen andiences so thoroughly carried away by their feelings. Teachers Consolidated Out.

Teachers Consolidated Ont. Some time ago the Board of Education referred to the City and Connty Attorney the matter of the payment of salaries to those teachers who had been "consolidated out," and that official has sent a letter to the Board on the subject. He says that the law on the subject of the consolidation of classes is plain, but very vague on that of the pay-ment of salaries to the teachers so affected. In past years there was no mention made of salaries to teachers who had lost their places by means of consolidation. The City and County Attorney refers the matter back to the Board of Education and tells them to make a rule in the case which will hold for the future.
