Just Reduced Some \$10 Ready-to-Wear Spring Suits From \$12.50 to

Just now you are doubtless thinking of buying a new spring suit. We want you to buy it here—it you are a regular customer we have something special to offer you—if you are a prospective customer we want you to get acquainted with us.

Therefore, we have taken several lines of our regular \$12.50 spring suits and reduced them to \$10 for the occasion. This means you can get a suit for \$10 that would cost you \$15 elsewhere, because we are the only firm in this Coast manufacturing, wholesaling and retailing clothing. We sell to the trade in other States, but retail direct to the public in San Francisco.

At \$12 to the suits would be splendid value—\$10 you are getting a far better value than is possible anywhere else.

You will find that we are able to back up this argument with the merchandise. But should there be the slightest doubt on your part you can have your money back instantly.

The suits are single-breasted garments, cut up to the very latest, as pictured in the man to the left. The cloth is summery weight and the materials abound in the spring patterns of brown and gray, with dashes of color here and there, forming stripes, checks, plaids and overlands. You can also get the ever popular blue serge.

Regular sizes 34 to 44; special sizes for tall, slim men and short stout individuals, who would otherwise find it difficult to get a proper fit in ready-to-wear clothes.

Now, the question is: Are you going to buy your spring suit here for \$10 or go elsewhere and pay \$15?
