DANCES AND BEER, PICNICS AND GAMBLING.

Touches of High Life and the Sound of Revelry Among the Hop Vines.

The Rooney hop ranch, conducted by Horst Bros. of San Francisco, is one of the novelties of Sacramento County in the way of a ranch. It is eight and a half miles from the city, cyclometer measurement, being along the American River front, where the sand is a foot deep. The importance of Sunday will be understood when it is stated that the hands are paid every Sunday at 10 a. Of course each Sunday finds many charges against the hands, as they buy provisions on credit. Even those who sleep in tents are accommodated by the firm, which charges 75 cents a week for a tent and cots. The expenses of conducting the ranch - operating expenses - are about \$1,200 a day, but the pay-roll in cash and checks does not exceed \$5,000 a week, the balance being paid for during the week in provisions and creature comforts.
